

Egg Drop

Simple, drop an egg out of a 1st floor window, have it land without breaking! Create your transport to safely land the egg on the floor.

Equipment

- Eggs
- Materials for a Parachute
- Materials to protect the egg on its decent
- Video camera + operator to film the drop and reveal

Requirements

Prepare a meal for your family, could be a simple breakfast, a full works English breakfast, you could spend all day slow cooking the perfect roast, or create some amazing toasted sandwiches. It could be cooked in a kitchen, on a BBQ, or over an open fire.

After

Send us your videos via facebook or email and prove your eggs survive!

Extra

Bonus points for those that do not use a parachute!
